

Recyclable

important points for recyclable garbage

- Only products which are made to **contain food and drink** can be recycled.
- Packages have markings **which categorize which kind** of recyclable garbage they are.
- **Please wash the garbage with water and separate it** into the correct box for recyclable garbage.

◆Empty bottle

Please put empty bottles in different boxes separated by colour.

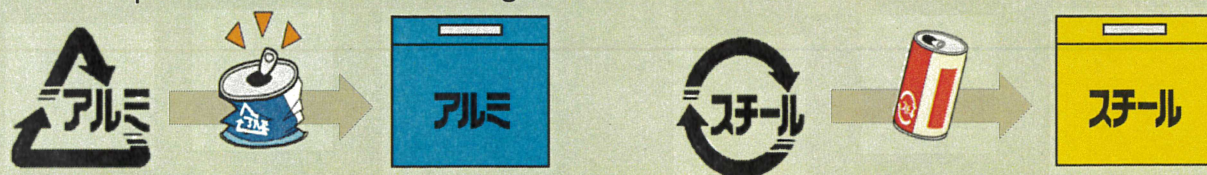

◆Plastic packaging

Please put plastic packages in a transparent bag and take them to the designated garbage

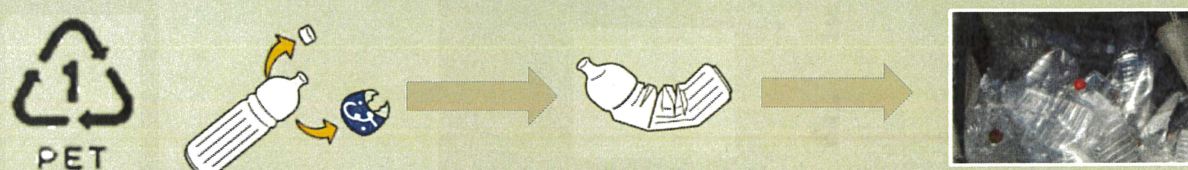

◆Empty can

Separate cans into aluminium (please crush aluminium cans), and steel and put them separate them into the designated boxes.

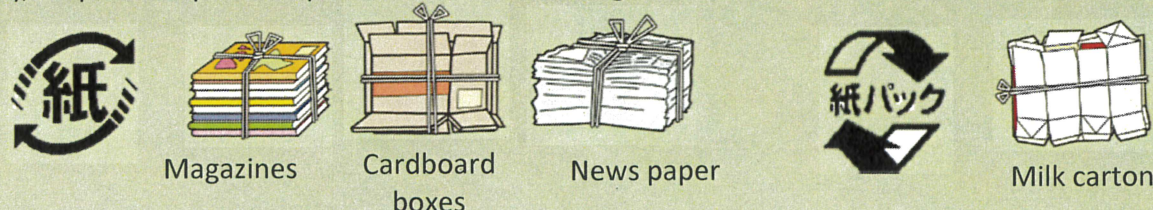

◆plastic bottle

Please remove the cap and peel off the label (caps and labels should be disposed of alongside items made plastic), and place them in the designated box.

◆Used Paper

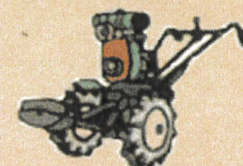

Please separate them by type (paper carton should be unfolded, cardboard should be made flat), wrap them up and dispose of them in the designated area.

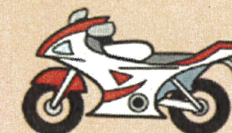

Bulky Items

◆Please contact garbage disposal companies about items cannot be collected easily.
